

Hello,
I'm writing the FCC
concerning the movie
about John Kerry
that Sinclair
broadcasting is
considering airing
before the coming
elections. I heard
Mark Hyman, Vice
President for
Corporate Relations
at Sinclair
Broadcast Group,
speaking about this
in an interview on
Democracynow; in the
interview Mr. Hyman
said that your
company has not yet
decided whether or
not to air the film
on your 62 or so
stations before the
elections.

I don't personally
know this film or
Sinclair
broadcasting in a
personal way.
However, I ask of
you as a brother
citizen of this
country (USA) to
please please please
please PLEASE, use
your discerning
minds to determine
whether or not
airing this film on
62 stations before
the elections is a
good thing. On one
hand, it could be
literally a new set
of information that
Mark Hyman voiced
"could be
informative" for
voters. On the
other hand, you all
are doing the 1984
'Big Brother'
brainwashing thing,
and will air a
totally biased film
on
62 channels...if it
is that case, I ask
you, please look in
your hearts and make
a choice with valor
and integrity. If
it's on some 1984

type stuff, then
come on you'all and
just stop that
stuff. If it's
about the corporate
madness and you're
just following
orders and not
thinking...please
rethink this way of
living/working...don't
worry if you have to
go out on a limb to
do the right thing.
I'm confident, that
if you do the true
heartfelt things,
then the world and
universe will
embrace and take
care of you.

Also, listen to good
music, as that can
help one to awaken
in a gentle way.
One recommendation
that I have is the
beautiful lady from
the Pacific
Northwest. Her name
is Laura Veirs, and
her new album is
called "Carbon
Glacier". I'm sure
you'll love it.
It's truly brought
great warmth to me
and my friends.
Anyway, lots to
think about. Please
breathe deep and
relaxed, and let
your actions flow
from this relaxed
and true state.
with love,
Brian

Sinclair
Broadcasting's
decision to force
their stations to
air an anti-Kerry
documentary days
before the election
is a clear example
of the dangers of
media consolidation.

Sinclair uses the
public airwaves free
of charge, and is
obligated by law to
serve the public

interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
